

A Mistaken Marriage with Mr. CEO Novel

Chapter 16 To 20

Chapter 16 Is this your plan?

Shen Qi really wanted to curse loudly.

If he wasn't good-looking, she wouldn't have to hide like this.

It was because he was too good-looking that all the women around the world stared at him, so she had to desperately hide!

He Yi Ning immediately pressed down, forcing Shen Qi to look straight into his eyes.

Shen Qi saw that everyone around him was looking towards him, and was afraid that He Yi Ning would do something so shocking here, so she blurted out, "Of course I look good, you are the second most beautiful man I have ever seen."

"The second one?" He Yi Ning raised his eyebrows and released his aura in a flash. He gave off a domineering air, "Who's the first? Zhan Bo? "

Shen Qi's expression changed slightly, and before she could say anything, Feng Ke Xin's voice came from the door: "Why aren't you guys coming in?"

Shen Qi looked over with a pleading expression and secretly tried to struggle free from He Yi Ning's fingers. However, no matter how hard she tried, she couldn't free herself from He Yi Ning's grasp.

He Yi Ning replied easily: "Miss Feng, I'm sorry, but my private stylist seems to have something going on. Her things are still in my car. I'm going to take her back. We'll make an appointment another day. "

After saying that, He Yi Ning grabbed Shen Qi's wrist and turned to leave.

Shen Qi shook his head towards Feng Ke Xin, indicating that she did not want He Yi Ning to give it to him.

Unfortunately, Feng Ke Xin's expression was terrifyingly ugly, and didn't even look at Shen Qi, as her gaze firmly landed on the back of the departing Xiao Budian.

He Yi Ning dragged Shen Qi all the way to the front of the carriage, and directly leaned on her, pressing her down on the roof.

This was the first time Shen Qi had felt this close to an unfamiliar man's skin, and his entire body felt as if it had been struck by lightning.

The powerful aura that was exclusive to He Yi Ning came crashing down from all directions, matching with his extremely beautiful and charming appearance, it was simply something that no one could avoid.

"You're using such a method to get my attention?" He Yi Ning stretched out her hand and lifted Shen Qi's chin, her narrow and long phoenix eyes instantly falling on the flame birthmark between Shen Qi's collarbones. Her voice became even deeper and hoarse: "Your special method of seducing men?"

Shen Qi's entire body shivered.

What was he talking about?

What method of seducing men?

How could she seduce a man other than Zhan Bo?

He Yi Ning's finger finally covered the space between Shen Qi's collarbones.

He finally managed to touch the birthmark.

The slightly protruding birthmark was slightly green.

Not only did the birthmark look alike, even the feeling of his hand was so similar.

But that her name was not Shen Qi ...

Shen Qi only felt that the birthmark at the center of her collarbone had become boiling hot the instant he touched it.

Shen Qi did not realise that her ears were completely red.

“Hur hur, how sensitive.” He Yi Ning chuckled. “Tell me, where is your home, I’ll send you back.”

Just as Shen Qi was about to reject, she quickly followed: “What? You want me to settle the score with you, do you plan to help Feng Ke Xin watch over me? “

Shen Qi’s body stiffened once again.

He really knew everything!

He Yi Ning loosened his grip on Shen Qi, and before Shen Qi could do anything, he threatened: “You are not allowed to refuse, otherwise ...”

He Yi Ning’s gaze swept across Shen Qi’s chest. Sure enough, Shen Qi immediately stood up straight and quickly reported the address to him.

Anyway, that small apartment only contained some things between her and Zhan Bo, it wasn’t a place to stay for long.

And wasn’t afraid that He Yi Ning would know about it.

Chapter 17 Interesting woman

He Yi Ning’s phoenix eyes swept across Shen Qi before he finally opened the car door and sat down confidently.

Shen Qi bit her lips, turned and walked to the front passenger’s seat.

He Yi Ning did not speak, he steadily drove Shen Qi to his destination.

Shen Qi got off the car carrying her bag: “Thank you.”

He Yi Ning stared fixedly at Shen Qi, his phoenix eyes rippling with emotions. He nodded, stepped on the gas pedal, and instantly disappeared from Shen Qi’s line of sight.

Seeing that he had truly left, Shen Qi heaved a sigh of relief.

He raised his wrist to check the time. It was already ten in the evening.

She hadn't had much to eat for tonight's dinner, so she was really a bit hungry now.

If you can go home and eat, then go home and eat.

Although she had never seen her husband in name before, the He Family would still send some daily necessities over regularly.

Shen Qi didn't want to waste her money outside, so she decided to make do with the bubbling surface s.

Shen Qi thought for a while, then raised her hand to call a taxi and told the driver her address.

After the taxi left, the son of the Pagni ghost quietly appeared at the place Shen Qi was standing just a moment ago.

He Yi Ning lowered the car window, and looked in the direction that Shen Qi had left in, and a slight smile appeared on the corner of his mouth, his eyes rippling with laughter: "Interesting."

This was the first time he had seen a woman that avoided him like this.

He reached out and caressed his own cheeks, thinking back to what Shen Qi had said before, that he was the second handsome man Shen Qi had ever seen.

Then, who was the first one?

He Yi Ning suddenly wanted to ask about the details.

When Shen Qi returned home, she was so tired that she was about to collapse.

He went to the kitchen and cooked a bag of bubbling surface s, and even swallowed all the noodles and soup. Only then did he seem to come back to life.

Looking at the villa in a daze, Shen Qi finally came back to her senses.

Today was her wedding day.

Unfortunately, she didn't even know what her husband looked like.

He Family's adopted son rarely appeared in public. Even if he were to stand in front of his now, she might not even be able to recognize him.

It doesn't matter, it's better not to see each other for the rest of my life. He did not have to think of a way to avoid it.

After finishing his meal, Shen Qi took a bath, threw himself onto the bed, and instantly fell asleep.

In his dreams, He Yi Ning suddenly pressed her down onto the bed, and laughed sinisterly: "Shen Qi, I've finally found you. "Tell me, how are you going to make it up to me?"

Shen Qi shuddered and immediately woke up.

He touched his chest and broke out in cold sweat.

"How strange, how did I dream about He Yi Ning?" Shen Qi reached out and caressed his cheeks, which were burning hot, as if he was still embarrassed from the terrifying dream.

Outside the window, the night was dark and the night wind was blowing gently, gradually dispersing the tension in the room.

Shen Qi sighed lightly, and immediately lost all sleep.

He walked barefoot to the balcony and held onto the railing to look at the night sky.

The night sky was as clear as a wash. The cold stars were twinkling, and it was as lonely as her current state of mind.

It was as if he had shed a few layers of skin that day, causing him to be exhausted.

It was hard to even rest properly, especially when he thought of returning tomorrow, Shen Qi felt even more of a headache.

There were no bridegroom at today's wedding. What should he do when he returns tomorrow?

She could already foresee what Shen Yin Yin would look like when he saw her.

At daybreak on the second day, Shen Qi took a bath early and dressed herself as much as possible. Then, she bought a few nutritious items and returned to the Shen family.

Unsurprisingly, she stood at the Shen family's gate for half an hour, but no one came to open the door for her.

Chapter 18 insulted

Shen Qi knew that the Shen Family was deliberately humiliating her.

But there was nothing she could do.

Because Big Brother is still in the Shen family.

Shen Qi just stood there at the Shen family's gate, patiently waiting.

Finally, Shen Yin Yin felt bored, and someone opened the door.

Shen Qi carried the things inside, laid them on the ground and asked indifferently: "Where's my brother?"

Shen Yin Yin glanced at Shen Qi sarcastically: "Yo, why are you so unpresentable, when a bride is returning home? An adopted son was an adopted son. It was indeed something that couldn't be put on the table. Tsk tsk tsk, look, you came back to the door today. Did you dress up like this and come back? And what about the groom? Why is there only you? "

Shen Qi closed her eyes and suppressed the anger in her heart. She forced herself to calm down and asked again: "Where's my brother?"

Shen Yin Yin looked at Shen Qi with disdain and said: "How would I know where that foolish brother of yours went to? I'm not his nanny! "

Shen Qi endured her anger and turned, running back towards Shen Lu's room.

When he knocked on the door, he found that the door was not shut at all.

A bad premonition arose within him.

Shen Qi pushed the door open, and before she could say anything, she was stunned by the scene in front of him!

Shen Lu was sitting on the ground in a mess, stubbornly using his brush to draw lines that others couldn't understand, the floor was filled with scattered food.

After a day and a night, the food had become unbearable.

Shen Qi's eyes instantly became hot.

She had just left the Shen family when her brother suffered such mistreatment!

Father, will you grieve when your spirit in heaven sees this?

Father, why did you abandon us and go to heaven?

Dad, why didn't you take us with you?

Why leave us to suffer such humiliation in this world?

Shen Qi slowly walked in front of Shen Lu and squatted down.

Shen Lu, who was stubbornly drawing the lines, suddenly froze. He raised his head in an instant, and that stunning face that made people unable to shift their eyes away exploded with a burst of brilliance: "Xiao Qi, you're back!"

Shen Qi nodded with tears in her eyes: "Brother, I'm back."

Shen Lu looked at Shen Qi's face seriously, and then smiled at him.

Shen Yin Yin stood at the doorway, her face revealing a trace of disdain, "You idiot brother is really interesting! If you refuse a toast but refuse a forfeit, the servant will feed him. Not only will he not cooperate, he will even purposefully spill the food all over the ground. "

Shen Qi could no longer suppress her anger: "You're lying! Brother never sprinkles food all over the ground! He is a autism, not a retard! "

Shen Yin Yin immediately said arrogantly: “Hmph, so what? He was also not a normal man! A good face! He had really messed with the Shen family! If he had a better brain, he could sell himself to earn some money. So dumb, no one would want to go out and become a Cowherd! “

Shen Lu was Shen Qi’s reverse scale, the reverse scale that no one could touch.

When Shen Qi heard this, she immediately erupted. “Shen Yin Yin, shut your mouth! He’s also your brother! “

“My brother? Hahaha, stop teasing me! I, Shen Yin Yin, do not have such a lowly gene. ” Shen Yin Yin looked at Shen Lu in disdain: “I really hope for that brother of yours to die quickly, so that he doesn’t sully my perfect birth.”

Shen Qi could no longer hold it in, she raised his hand and swung it fiercely towards Shen Yin Yin’s face!

A clear five-finger mark instantly appeared on Shen Yin Yin’s face.

“You dare hit me? Shen Qi, you damned little bastard, you actually dared to hit me! ” Shen Yin Yin covered his face with his hands, disbelief written all over his face.

Shen Qi looked at the center of her palm, completely dumbfounded.

She also never thought that she would actually hit Shen Yin Yin.

With Shen Yin Yin’s temper and his mother’s protective personality, it was most likely that she was —

Sure enough, before Shen Qi could react, Mrs. Shen’s curses came from outside: “Damn you little hoof, you dare to hit Yinyin? What a despicable thing! “See how I’ll take care of you!”

With that, the Mrs. Shen angrily rushed in from outside. As soon as she entered the door, she grabbed a blue and white stone object on the shelf and threw it at Shen Qi’s head.

Shen Qi dodged in a flash, and angrily said while pointing her finger at Shen Qi: “Good, good, good, your wings are so hard that you dare fly! Do you dare to hide? “Then I will beat this one up and won’t dodge!”

With that, the Mrs. Shen turned and pulled out the feather duster from the servant’s hand and slapped it onto Shen Lu’s head.

“No!” Shen Qi screamed and pounced towards Shen Lu.

Shen Qi turned and hugged Shen Lu tightly, the feather duster instantly landing on her back.

In the next second, Shen Qi felt a burning sensation on her back, it was so painful that she started to twitch instantly.

Mrs. Shen fiercely slapped him a dozen times, only stopping when she was completely out of breath.

Shen Qi hugged Shen Lu tightly, her heart like a cold winter.

Mrs. Shen said bitterly: “If it wasn’t for the fact that you still want to give me a child, I would have definitely beaten you to death today!”

Shen Yin Yin didn’t want to take advantage of Shen Qi like that, so she immediately acted in a spoiled manner, “Mom, look at how she slapped my face ... I can’t let her off that easily! “

Mrs. Shen hurriedly coaxed Shen Yin Yin, “Alright Yinyin, when she gives birth to her child, we will repay He Family’s debts.

Only then did Shen Yin Yin happily follow Mrs. Shen and left.

After Mrs. Shen and Shen Yin Yin left, as if Shen Qi had died, she immediately let go of Shen Lu’s hand and sat down on the ground in a dejected manner.

In Shen Lu’s deep black eyes, it seemed as if there was something more. He reached out and trembled, lightly touching Shen Qi.

This was the first time he had ever taken the initiative to touch someone else.

“Xiao Qi.” Shen Lu said softly, “It doesn’t hurt.”

Shen Qi's tears fell all at once, "Big Brother, I don't hurt."

Seeing Shen Lu's face, for the first time, Shen Qi hated himself for his incompetence.

If it wasn't for his own incompetence, he wouldn't have to suffer such grievances.

"Big brother, hold it in for a while longer. When I've saved up enough money, I'll pick you up. No one will ever bully you again." Shen Qi wiped away the tears on his face.

Shen Lu silently sat on the ground, with no response.

He was once again immersed in his own world.

Even though Shen Lu could not hear anything, Shen Qi still repeatedly reminded Shen Lu to eat properly, sleep well, and cooperate well with the doctor's training.

When leaving the Shen family, Shen Qi reluctantly bade farewell to Shen Lu amidst her taunting. As she cried, he walked out of the Shen family's gate.

The moment he stepped out of the door, Shen Qi clenched his fists tightly, raised his head, and looked at the sky, doing his utmost to force the tears back into his eyes.

In that moment, Shen Qi swore that she would work hard to earn money, enough to cure her brother.

Never set foot in this cannibal place again.

Chapter 20 Am I not handsome?

20 – Am I not handsome?

Xiaochun walked in while carrying a stack of documents that required CEO's signature. The moment he entered the door, he saw CEO looking at himself in the mirror.

He Yi Ning looked at the familiar face in the mirror and could not help but ask: "Xiaochun, am I not handsome anymore?"

The documents in Xiaochun's hands almost fell to the ground!

Xiaochun looked at his own CEO in horror, as if he was looking at the end of the world.

What happened to CEO? I have never seen the CEO so concerned about my looks.

Why did he suddenly say such terrifying words today?

He Yi Ning held his chin, his mind thinking back to what Shen Qi had said. No matter how he racked his brains, he could not think of a man in the same ranking as him, who could be his match.

Xiaochun's lips trembled as he replied, "Of course not. CEO, you have always been so handsome! "

He Yi Ning didn't seem to be too satisfied with his image today. "Wu, my hairstyle is a little messy today. Go and call Shen Qi over."

Xiaochun was startled.

Ever since CEO knew this female stylist, it seemed that he did not need the other stylist s.

Xiaochun was a qualified special assistant, and immediately replied: "Yes, CEO."

The Xiaochun called Shen Qi, but Shen Qi asked for a leave of absence, saying that she was sick.

Xiaochun passed Shen Qi's reply to him.

He Yi Ning suddenly put down the mirror in his hand, and a demonic smile appeared on his face: "Xiaochun, as a considerate subordinate, shouldn't you go visit an employee who is sick?"

Xiaochun's body trembled. He was really able to confirm that CEO was indeed a little abnormal today.

Could it be that CEO was against that female stylist ...

Xiaochun immediately replied in a carefree manner, "Yes, CEO has always been a qualified leader."

Shen Qi applied some medicine on the small clinic. The person who applied it on her was a familiar retired doctor of traditional Chinese medicine.

“Xiao Qi, aren’t you already married? Why did you get beaten up again? ” The doctor who applied the medicine to Shen Qi couldn’t help but sigh when she saw the crisscrossing wounds on Shen Qi’s back. “I gave you some ointment that I made myself, so don’t worry.

Shen Qi gritted her teeth in pain: “It’s fine, I’m already used to being beaten up. “Big brother was unable to react and shut himself up to begin with. If he gets beaten up again, it might hurt his brain.”

“Then you’ll obediently let your mother beat you up like this?” The doctor looked at Shen Qi’s swollen back and felt her heart ache.

She also had a daughter. She really couldn’t understand how someone could be so cruel to their daughter.

Ever since he was young, this poor child had always tried to apply medicine on himself when he was injured.

It had been eighteen years, and he had sustained many small injuries.

This old doctor had witnessed how this strong little girl slowly grew into a big girl.

“I’m fine. “As long as you don’t hit big brother.” Shen Qi shook his head slightly, “Auntie Qi, thank you. “However, I might still need to pay the medical fees first. Before I leave, I left all the money on me for Big Brother.”

Doctor Qi said coquettishly, “Alright, I still don’t know about you? This little bit of medicine was not worth much. “Since you’ve already moved out of the Shen family, you should stop coming back to get beaten up.”

Shen Qi only laughed, and did not reply.

At this time, the phone rang. Shen Qi looked at the number on the phone and said, “Director He, I’m not feeling well today. I’ve already taken my leave of absence”
